Amazing Science in the King James Bible

3. **When dealing with disease, clothes and body should be washed under running water (Leviticus 15:13).**
For centuries people naively washed in standing water. Today we recognize the need to wash away germs with fresh water.
4. **Oceans contain springs (Job 38:16)**
The Ocean is very deep. Almost all the ocean floor is in total darkness and the pressure there is enormous. It would have been impossible for Job to have explored the "springs of the sea." Until recently, it was thought that oceans were fed only by rivers and rain. Yet in the 1970's, with the help of deep diving research submarines that were constructed to withstand 6,000 pounds-per-square-inch pressure, oceanographers discovered springs on the ocean floor!

CD's and DVD's
of recent sermons by Pastor Kohl and special speakers are available for \$1 and \$2. Have you missed a service recently? Know someone who would listen or watch? Get some and pass them out.

Victory Verses: Idolatry

1 John 5:21
*"Little children,
keep yourselves
from idols. Amen..:"*

1 Corinthians 5:11
*"But now I have
written unto you not to
keep company, if any
man that is called a brother
be a fornicator, or covetous,
or an idolater, or a railer,
or a drunkard, or an
extortioner; with such
an one no not
to eat."*

Jesus quoted Scripture when the devil tempted Him to sin. He used the Sword of the Spirit, which is the Word of God. We should too!
(Matthew 4:1-11; Ephesians 6:17)
