Amazing Science in the King James Bible

49. **Earth Designed for Biological Life** (*Isaiah 45:18*)
Scientists have discovered that the most fundamental characteristics of our earth and cosmos are so finely tuned that if just one of them were even slightly different, life as we know it wouldn't exist. This is called the Anthropic Principle and it agrees with the Bible, which states that God formed the earth to be habited.
50. **Universe is Expanding** (*Job 9:8; Isaiah 42:5; Jeremiah 51:15*)
Repeatedly God declares that He stretches out the heavens. During the early 20th century, most scientists (including Einstein) believed the universe was static. Others believed it should have collapsed due to gravity. Then in 1929, astronomer Edwin Hubble showed that distant galaxies were receding from the earth, and the further away they were, the faster they were moving. This discovery revolutionized the field of astronomy. Einstein admitted his mistake, and today most astronomers agree with what the Creator told us millennia ago - the universe is expanding!

The Let's "Change" the World Through Missions offering will take place on Wednesday, November 23 after the Thanksgiving dinner. Start saving your loose change now!

Victory Verses: Cursing

*" For the sin of
their mouth and the
words of their lips let them
even be taken in their pride: and
for cursing and lying which
they speak. Psalm 59:12*

James 3:10 *" Out of the same
mouth proceedeth blessing
and cursing. My brethren,
these things ought
not so to be.*

What is your "besetting sin"?
Do you have any verses
memorized to help overcome it?
Jesus quoted Scripture when He
faced temptation. We should too!
(Matthew 4:1-11; Ephesians 6:17)

An Excerpt from the

Christian Gentleman's Handbook

When shaking a woman's hand that has been extended to him, a gentleman gives her a light, firm, quick and gentle handshake.

If a lady does not offer her hand at introduction, a gentleman simply nods his head and smiles.
