Empty Tomb's Message

The Empty Tomb says to science and philosophy,

"Explain this event."

It says to history,

"Repeat this event."

It says to time,

"Blot out this event."

It says to faith,

"Believe this event."

Easy To Invent Christianity?

During the French Revolution, somebody said to Talleyrand, bishop of Autun: "The Christian religion--what is it? It would be easy to start a religion like that?" "Oh, yes," Talleyrand replied. "One would only have to get crucified and rise again the third day."

Jesus' Enemies And His Body

Jesus' enemies chief ambition was not to remove the body, but keep it in the tomb, hence their application to Pilate for the guard to be set at the tomb. Had they removed the body, they would have produced it and confused the disciples as soon as they preached Jesus' resurrection. Yet the apostles were allowed to preach it within a few yards of the empty tomb.

Garden Tomb Had No Human Remains

When the Garden Tomb was discovered in 1885, the godly Gen. Gordon was convinced this was where the body of Jesus had lain.

When they first cleared the spot, with great caution they gathered all the debris, shipping it to Great Britain's Scientific Association. Every part of the debris was analyzed, but there was no trace of human remains.
