- Fri, Apr. 19 - School Play **"Resistance"** at OTBC in Hamburg, 7pm
- Sun, Apr. 21 - **Easter Sunday**

Thank God for Your Heart!

You have a heart. If normal, it is about the size of your doubled-up fist. The average weight for the heart of a man over age 20 is 10.59 ounces.

Doctors calculate an increase of about 1 ounce for every 22 pounds of weight on your body.

If you have an average heartbeat (72 bpm) your heart will beat about 100,000 times a day, or 2,500,000,000 times in a lifetime.

When you are resting, blood is forced through your arteries at the rate of 55 feet per minute. When you run very fast, this is stepped up to as much as 450 feet. This means your heart may have to increase its normal 72 beats to as many as 200 per minutes.

Every day, 9,000 quarts of blood are pumped through your heart. At top speed it can pump more than 16 quarts of blood a minute.

Pastor's note: There are three books in the Bible which state that "the life of the flesh is in the blood" - Genesis 9:4; Leviticus 17:11, 14; Deuteronomy 12:23. It took man until the 1800s to finally acknowledge this truth.

Often our trials act as a thorn hedge to keep us in the good pasture; but our prosperity is a gap through which we go astray. - C.H. Spurgeon

Hearing Impaired Devices
 are available for all services.

**How Do People
 Start Attending Church?**

A Friend's Invitation	86%
Organized Visitation	6%
A Pastor's Invitation	6%
Advertising	2%

YOU are the key!
 Invite a friend to church.

**Why Bring your Friends to
 Church?**

It is crucial that we talk face-to-face with our friends about Jesus, but often these conversations can be interrupted by the busyness of life. While in church, you and your guests will be able to sit under Bible teaching without interruption. They will hear the gospel presented clearly, and you can answer any questions they may have about Jesus, salvation, and a new life in Christ.

Missionary of the Week

Elbern & Angeline Ballos
(Ean)
 in Cebu, Philippines

We have supported them since November
