"A free people ought not only to be armed and disciplined, but they should have sufficient arms and ammunition to maintain a status of independence from any who might attempt to abuse them, which would include their own government."  
 - George Washington

"You may argue from dawn to dusk about differing political, economic, and social systems, but the fundamental issue which is the unbridgeable gap between America and Communist Russia is a belief in Almighty God.  
 From the root of atheism stems the evil weed of communism and its branches of materialism and political dictatorship.  
 Unless we are willing to affirm our belief in the existence of God and His creator-creature relation to man, we drop man himself to the significance of a grain of sand and open the floodgates to tyranny and oppression."  
 - Dwight D. Eisenhower
