## PRAYER REQUESTS

- Safety with traveling in our home!
- That we would raise our support quickly so that we may move to PNG
- For the visa application process for go smoothly
- Health of our family as we visit churches

Thank you so much for praying that God would increase our support! He has been leading churches to take us on. It seems like every other week we are getting churches' promises to support us! As you can see, our little "thermometer" is on the rise as we go into the fall. We are so thankful that God is taking care of us, and that He is providing what we need, long term and in every day, to be in His service.

### ON THE ROAD:

We were so thankful to be a part of different ministries this summer. Summer is usually when churches have their largest outreaches into communities, and we were blessed to help.

We were able to participate in 2 VBS programs. Kayleigh helped plan and direct our church's VBS, and I was able to preach to the kids every night of our church plant's program! My mom asked us how things were going at that church. I told her that I don't know how many kids were actually getting saved, but every night there were at least 10 who raised their hands to say that they prayed and asked Jesus to save them. What a blessing it was to be able to see these kids and work with them! We are always so happy to get involved at a church. Working with people is what we all should be doing! Here is a picture of Adrienne playing with the kids at game time.

### VISAS for Papua New Guinea:

As we travel and present in churches, we are also beginning the process for obtaining visas. We are trusting the LORD to help us obtain our finances and our visas at about the same time. As you can imagine, paperwork in a 3rd world country can take time, which is why we are beginning now.

We will need to be sponsored into the country by another missionary. I have been in contact with the man who will be doing this for us. John Grey has been a missionary in PNG for over 20 years. We are thankful to be able to talk with such a great man, and we are grateful for the assistance that he is providing us.

Please pray that our visas will go through smoothly, and that we would be able to get in the country to begin working with our brother, Chad, and his family!

#### FAMILY NEWS:

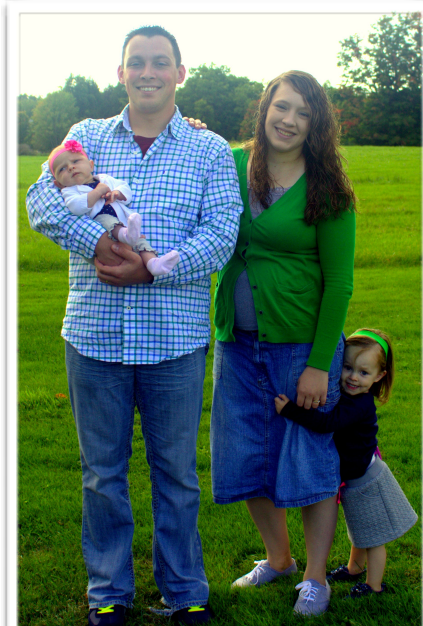

Juliette Ashleigh arrived on September 1... a week late! We had to cancel a local meeting, because we were in the hospital, and Justin had to go alone to a meeting the day after we got home from the hospital. Thanks to that church for being so understanding!

We love our precious little girl! We had no idea what adding kids to our family would be like, especially on deputation, but they are the best! Adrienne loves Juliette... sometimes too much! Juliette is just like her sister, in that she is a good traveler, and does well in churches as we travel on deputation! Of course, there are cranky moments, but overall we are able to minister to churches with our family.

#### JUSTIN'S SEPTEMBER:

All of my girls are born in September, and our wedding anniversary is in September as well! It gets very busy for us during that time.

Kayleigh and I celebrated being married for 4 years this past month! What a ride it has been. If any of you remember our testimony, we were directed to PNG after only 4 months of marriage. We have grown as a couple, and now as parents while preparing for what God has for us in PNG. I'm so thankful for my girls, but most of all, I'm thankful for Kayleigh! She enables me to be able to minister to others. She may be quiet, but she helps me where no one else can!
