## PRAYER REQUESTS

- Safety traveling in our home!
- For the visa application process to go smoothly, and for our paperwork to be accepted in a timely fashion
- For us to raise the last of our support by August this year
- That we would be wise with our time as we pack, do paperwork, and continue deputation

### THANK YOU:

Our family of prayer supporters and financial supporters has grown significantly over the last few months. We are so thankful for how you allow God to use your funds to send us around the world. Time is drawing near for us to move over to PNG, and we can't do this without you. We need you to bring us before our LORD in prayer. We need you and your faithfulness. Thank you so much for submitting to God and letting Him use you to further the gospel in Papua New Guinea!

### THE OPPORTUNITY IN PNG:

The door is open in Papua New Guinea right now. I've heard from multiple sources now that PNG has given the "OK" for KJV Pidgin Bibles to be placed into schools. There is a huge effort to get the Bible into our country. Obviously we are excited for this. In our ministry, one of the things that we are doing is printing that Bible. We are so happy that there is a climate that we can distribute the Bible freely; more freely than in our home country! We are hoping to get over there soon so that we can get busy for the LORD in getting His word to Christians and people who need salvation.

One of the reasons we are praying that we can get to Papua New Guinea by September is that the National Independent Baptist Pastors Conference is being hosted in our future backyard. Hundreds of national pastors from all over the country will be coming! We would love to be there for the final preparations and to participate in this important meeting. Pray with us that the pastors are encouraged and strengthened for their service to God and their care of their people.

### PREPARATIONS FOR PNG:

We are through the first level of approval for our visas! Praise to God for that. We have three more "levels" to get through. We will be trying to handle all of that over the next few months of deputation. Please pray that we have no issues with getting the right documents to where they need to be, and there aren't issues with things getting lost.

There is so much to think about and do, and we are still traveling and visiting churches. We are thankful that God gives us grace and provision as we continue down the road towards Papua New Guinea!

### SOUL WINNING AND VISITATION:

We are always thankful to be able to go out with churches on their visitation programs. It's great for us to be involved in ways that we regularly participated in our home church. It keeps that burden of souls in front of our eyes. It also helps us to get to know the churches that we are with so much better!

I recently was able to witness to a few more people who were just walking by the RV where we were parked. That thing is a conversation starter for sure, especially when a young family comes out instead of a retired couple. The man I talked to most recently was named Charlie. He came from a Jehovah's Witness background and doesn't believe in organized religion. Pray that the church in that area would be able to show him the love of our LORD and minister to him.

### SICKNESS:

Thank you for your prayers for our health. All three of the girls were suffering from a virus, but most of it happened on travel days. This was one of those times we were very thankful to be traveling in an RV. We are also thankful that Justin didn't get it because he is the only one who drives the RV!

God is good to us even when we are not at our best.

We have raised  
**60%**  
of our Support

#### RV REPAIRS:

We have lived in our RV for a whole year now! We praise the Lord for how he has provided for us and kept us safe on the road. For a whole year we had no major problems or breakdowns!

Last month, we did have a minor problem that caused us to detour back home to NY. While fixing the small problem, we found a potentially big problem BEFORE it broke. We are so thankful that the Lord brought us off the road before something happened.

While we were waiting for repairs to be made, we were able to borrow vehicles to make it to some meetings we had scheduled. What a blessing to have friends and family willing to help us!

#### FRIENDS AND FAMILY:

One of the blessings of traveling is being able to visit friends that live far away! Recently we were able to visit some friends from high school. They have daughters the same age as ours. The girls all had a great time playing together. Most of the time, Adrienne only sees friends once or twice in the nursery at church. It was nice for her to be able to spend most of the week with the same friend.

We were also able to help with some home renovations during our visit. After sitting and driving so much, its nice to be able to do some physical work and use our skills to help others!

*We're always driving!*

*Visiting our friends*

#### BLOG UPDATES

If you are interested in getting updates in between prayer letters, you can visit our website at [www.fbbc.com/dye](http://www.fbbc.com/dye) There is a place to subscribe an email address that you want to use, and our post will be delivered to you.

Also, the missionaries that we are going to work with have a website, if you wish to follow them. You can find them at [www.chadwellsfamily.com](http://www.chadwellsfamily.com)
