### Please pray for:

- Evangelistic Youth Meeting in January
- Construction of the Church Building
- Salvation of our visitors and a few of our regular attenders
- Continued spiritual growth of our church members

To our fellow laborers,

Thanks so much for praying for Madi's tests! They arrived along with our ministry team members in October. We have enough tests to last into next year. This is a great relief after some of the setbacks that we had earlier this year.

Thanks for praying for Kayleigh and her recovery! She is doing much better. She probably will still be feeling the affects of her surgery and the damage done to her lungs through the next year, but she is back up to speed and getting quite a lot accomplished! For that, we are very thankful. We knew she did a lot, but having her down for a few weeks really demonstrated how much went undone if she's not at her best.

We are very happy with how God has been moving in the church in Kumiane. A few weeks ago, we had one lady get saved, and two others who are clearly under conviction go back for counseling. These two ladies, and some new visitors that we had come all could use some prayer for their salvation. God seems to be all over them, and we are expecting some glorious conversions soon.

Definitely God has also been working to grow the believers in our church. We've had some awesome situations come up where our people were able to apply some of the preaching that they've been getting lately. One such lesson has been on selfless service. We got to see our ladies come help us clean out and prepare the other houses on the mission station as our partners came back. This is a huge deal. Normally they would have asked us to pay them, but that question never came.

We also have a man in our church who has spent 3 weeks taking care of a couple of people from the village of Kumiane at a hausik that is 2 hours away. These people contracted COVID and our hospital systems requires family to stay and take care of you while you are admitted. This man has definitely shown selflessness and has stayed much longer than he bargained for. It's a blessing to see our people living as true Christians and not looking for earthly rewards, but heavenly ones.

Please continue to pray for us as we plan and move forward with buying cement and roofing and cutting timber to put up our church building. The folks are really excited and have been working to get the ground level and ready for our building. This past week we had about 50 people in church, which is a full house for us!

Please pray for our upcoming January. We are making big plans for putting on an evangelistic youth meeting. Please pray as we are trying to get two young men into the country to visit us as well. We are hoping that they won't have any approval issues and that they will be here to help us put that meeting on. We are also praying that many of the youth in our end of the country will hear and receive the Gospel. Please pray with us to that end!
