January 2022

Please pray for:

- Evangelistic Youth Meeting in January
- Construction of the Church Building
- Tent meetings in the surrounding area
- Childrens ministries resuming in Kumiane
- The start of the school year in the Christian School & Bible College

Thank you to all who've been praying for us. We could definitely see the hand of God as we moved through the past few months.

We've continued to see people get saved in Kumiane. We had a lady who thought that because she was a 2nd wife she couldn't be forgiven. Now she's saved and loving her life in Christ. We also had a young lady from a religious background get saved as well. So often, they don't realize their need of a savior because life has "felt" great so far, but we thank God that the Holy Spirit still works in hearts where our words don't even begin to touch!

We were able to put on two separate tent meetings this past month. As missionaries with a tent, we are asked to help facilitate meetings with some of our other Baptist churches. These were a great blessing. Our church from Kumiane were able to attend both. Our folks definitely loved being at a meeting where they could enjoy the time with God and hearing from him. Last time most of them had been to a meeting, there were unsaved and under heavy conviction. We saw over 15 people saved at both meetings, and we saw some Christians also getting right. Our churches were blessed because of these services!

We've also been able to look at over 150 people who needed medical help since our last prayer letter. We've seen everything from aches and pains to full on cancer. Some stuff we can't treat, but much of it we've had some success with administering care and medicine. God's also given us a door to preach the gospel to people who normally won't come near us. It's been incredible, but also taxing as we learn our limits of caring for people.

We were able to take time for both Thanksgiving and Christmas to slow down for a few days and consecrate time to think of our Lord! We were blessed to be able to host two missionary families around thanksgiving. They were a huge blessing to us and we were so happy to gain some encouragement being away from family in the USA. For Christmas we hosted another missionary family from an hour away as they came to be a part of our candlelight service for Christmas. We already serve as a team here, but to add more friends into the mix for both holidays was extra special. God is good to us while we are serving abroad.

Please continue to pray for the construction of our church building in Kumiane. We've got pricing done and plans for the size and layout finished. We are just waiting on some tools to come into port next week on our container.

Please pray for Youth camp the last week of January! We hope to have awesome news next letter about what God did through that effort.

Please pray as we have several more tent meetings around the Wiru valley that we are helping with, and we also will be going to a few meetings across the country. This comes at the start of the school year for our Christian School on station, Bible College classes, Religious Instruction classes weekly in the public schools, Soldiers for Christ kids clubs at our church plants, and building a medical clinic on station to facilitate our efforts to help our people here. It's about to get so much busier in the next few weeks, so please pray!
