Please pray for:

- Construction on the Kumiane Church Building
- Pray that the parts for our truck will come in and that we would be able to get that work done
- Pray for the Bible School students to work faithfully

What a great past few months we've had in PNG!

We had a joint **baptism service** with the church plant in Lama Sawmill. Five of our people got baptized in the service. We had a lady who was holding out for 2 years, an older woman who had just gotten saved a few weeks prior, and our youngest baptism. The older lady was such a blessing because usually the older folks have the hardest time breaking with tradition and old religion. Our young boy getting baptized was an equally momentous moment because most of the time the kids are pushed to the side and don't make choices like that till they are almost out of high school. It was also quite an encouragement. If you have followed us since 2019 you may remember how hard it was for our folks to follow in baptism. We were watching the same struggle with the people at Lama as it was their first baptism service. We were so happy that our folks have grown through that and were easily following what God was asking them to do!

Justin used some of his **medical training** in a trip out to a bush hauslain over an hour away. A teen girl had cut her foot open with a bush knife. The pastor called and we were able to respond that evening. Derrick Wells and Justin went out and got her sown up. These kinds of wounds usually either heal up roughly with permanent damage, or we would see them a month later full of infection. We were happy to be able to travel out and minister to this girl and this hauslain.

Kayleigh has been working weekly with our **ladies from Kumiane**. They have covered a daily walk with God and have now started in on the family. Over the last few months, Justin taught through family school, and as Kayleigh reviewed the family with her material, the ladies gave testimonies of how they were trying to change. This was very encouraging! Sometimes we don't get very much feedback on how they receive the preaching. Two of our men also showed progress by avoiding a tribal practice where they would have received money in lieu of working to repair our little church tent. It is a blessing watching them grow in grace and knowledge of Jesus.

Youth Camp was amazing! We had 11 kids get saved and 1 kid go for some assurance counseling. Since that kid got assurance nailed down, he has been back and faithful in our church in Kumiane! Camp had a military theme, and we used that to teach about how we are all pulling together for the glory of God. We took the whole camp down to Mt Hagen to hand out tracts. We got 22,000 tracts out that afternoon with about 60 kids. It was a huge blessing to us and hopefully to those who got tracts. The camp had an excellent spirit and the altars were filled almost every service. That's not a normal thing for our kids, and we are so thankful to God for moving in those kids.

Please pray as we get ready to mark out foundations and lay stones where the cement walls will be poured for our **church building**. The church is excited and ready to start construction!
