March 2025

Hello to our friends and partnering churches!

We have been blessed these past two months to be able to be preaching almost every week.

Most of January, Justin was asked to speak at our home church. We had a great response on some more difficult topics. Pastor Baran was appreciative, and we also were thankful to be able to minister spiritually to our church.

At the beginning of February we started presenting and reporting to our churches. We've been in both supporting churches and new churches. God has blessed those services and we are praying that God would continue to use us to encourage the churches around our area.

We are almost completely booked up for the year, and we are loaded up in our RV on the road full time. We are immensely thankful to those who gave towards our home on wheels, and we are thankful to Pastor Beyea and his shop, David's Star Auto, for the help in repairs as we work out electrical gremlins and do maintenance and repairs on some of the neglected systems. We trust that God got us into the right rig, and so far we've been able to take most everything in stride. We are thankful to have something solid that we can come back to in future furloughs!

Please pray for:

- Safety on the road and for us to be a blessing to the churches we visit.
- A healthy pregnancy and delivery for our 4th baby.
- Surgery consultations for Madilenne.
- The Church in Kumiane to stay faithful and grow closer to God during our absence.

Please be in prayer for Kayleigh and our new baby as we are less than a month away from the due date. We are scheduled right up to the due date. Kayleigh has gone late with every delivery, so we planned to stay traveling as long as possible. However, we are being hosted by several gracious churches that have already reached out to touch base and see if we need to modify the schedule at all. Please pray that we have a healthy delivery in Buffalo, NY. Please pray that when labor starts, things would be very apparent and we would be able to make it to the hospital all in good time.

We had a bit of a worrying month as the doctors thought they saw some heart defects in the baby. Thankfully, we were fully cleared and they likely misread the original ultrasound. This was an emotional time, but we are thankful that we were able to take stock and remember why we do this work for the King!

Please pray for Madilenne as we have some consultations coming up for surgeries for her. We would like to take care of some of this before we go back to PNG so that we don't have to worry about it next term.

Thanks for all your prayer and support that you show to us.

The Dye family
