HOW SMART IS YOUR RIGHT FOOT?

(from an orthopedic surgeon)

This will boggle your mind. You'll keep trying over and over again to see if you can outsmart your foot, but you cant. It's preprogrammed in your brain.

1. Without anyone watching you (they'll think you are goofy), and while sitting, lift your right foot off the floor and make clockwise circles.

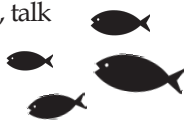

2. Now, while you are doing this, draw the number "6" in the air with your right hand. **Your foot will change direction.** We told you so! And there's nothing you can do about it!

Sure, we all know how stupid this sounds, but before the day is done, you're going to try it again (if you've not already done so). Now just go ahead and smile. ☺

Don't forget about

ADOPT A SHOP!

Help us supply the Marketplace for VBS. You can adopt the whole shop, or just donate one or more of the items needed. Take a look! If you have any Questions, talk to Bek or Kayleigh

NEXT SUNDAY IS FATHER'S DAY!

We will have a small gift and cookies for all Fathers present. If you can make cookies (preferable soft chocolate chip cookies!), please sign up on the clipboard and bring them next week.

Pastor will bring a message to help dads and granddads.

TWO WEEKS TILL SINGLES SUNDAY

Yes, the church is for single people. Pastor is already working on a message just for you. After the morning service, please stay for a big dinner just for you. All adults never married, divorced, widows and widowers welcome. Your kids, too, and other singles you know.

THREE WEEKS TILL GRADUATES NIGHT

We will honor all graduates from High School and College in the evening service on June 30. Please let Pastor Kohl know of anyone associated with our church or chapel who has or will graduate from something this year.

5 PLACES WHERE THE FLAG FLIES AT NIGHT

The U.S. Flag is flown night and day at only five places in the nation, and the practice dates only from 1898, flag experts say.

The places are: the grave of Francis Scott Key at Frederick, MD; Fort McHenry and Flag House in Baltimore; The Capitol Building in Washington; and the War Memorial in Worcester, Mass.

The practice resulted from public pressure, not from government action, when it began at Frederick in 1898. Since Key was the author of the "Star Spangled Banner," it seemed appropriate that over his tomb there should be: "Proof through the night that our flag was still there."

When Hudson Taylor went to China, he made the voyage on a sailing vessel. As it neared the channel between the southern Malay Peninsula and the island of Sumatra, the missionary heard an urgent knock on his stateroom door. He opened it, and there stood the captain of the ship. "Mr Taylor," he said, "we have no wind. We are drifting toward an island where the people are heathen, and I fear they are cannibals." "What can I do?" asked Taylor. "I understand you believe in God. I want you to pray for wind." "All right, Captain, I will, but you must set the sail." "Why, that's ridiculous! There's not even the slightest breeze. Besides, the sailors will think I'm crazy." But finally, because of Taylor's insistence, he agreed. Forty-five minutes later he returned and found the missionary still on his knees. "You can stop praying now," said the captain. "We've got more wind than we know what to do with!"
