Contenders for our Country

SIGNERS OF THE DECLARATION OF INDEPENDENCE

Signer #42: Thomas Jefferson (1743-1826)

Virginia. Age at signing: 33

Occupation: Planter

Married: Martha (6 children)

Quotes & Notes:

When news reached Virginia of the closing of the port of Boston in response to the Boston Tea Party, Jefferson, Patrick Henry, the two Lees, and several others "cooked up a resolution," as Jefferson said, to set aside June 1 as a day of fasting and prayer in Virginia:

"This House, being deeply impressed with apprehension of the great dangers to be derived to British America from the hostile invasion of the city of Boston in our Sister Colony of Massachusetts Bay, whose commerce and harbor are, on the first day of June next, to be stopped by an armed force, deem it highly necessary that the said first day of June be set apart, by the members of this House, as a day of fasting, humiliation and prayer, devoutly to implore the divine interposition, for advertising the heavy calamity which threatens destruction to our civil rights and the evils of civil war; to give us one heart and one mind firmly to oppose, by all just and proper means, every injury to American rights; and that the minds of his Majesty and his Parliament, may be inspired from above with wisdom, moderation and justice, to remove from the loyal people of America all cause of danger from a continued pursuit of measures pregnant with their ruin."

Evolution As A Religion

G. A. Kerkut, A non-Christian biologist who accepts the concept of evolution, observed that candidates he examined for a Ph. D. in biological science did not even know there are scientific arguments against evolution, and were equally unaware that in accepting a naturalistic basis, with no divine Mind guiding it one also accepts a number of far-reaching implications that cannot be proved but are of philosophical or religious nature.
