Amazing Science in the King James Bible

Fact #77

Strong & Weak Nuclear Force Explained (*Colossians 1:17; Hebrews 1:3*)

Physicists do not understand what binds the atom's nucleus together. Yet, the Bible states that "all things consist" - or are held together - by the Creator, Jesus Christ.

Fact #78

Atomic Fission Anticipated (2 *Peter 3:10-12*)

Scripture states that "the elements will melt with fervent heat" when the earth and the heavens are "dissolved" by fire. Today we understand that if the elements of the atom are loosed, there would be an enormous release of heat and energy (radiation).

An Excerpt from the

Christian Gentleman's Handbook

A gentleman never makes noise with mint wrappers during a service.

A gentleman will wait until the closing prayer is finished before zipping his Bible closed.
