Teachers Clinic IV

At the Evans Chapel
Saturday, August 25 at 9am.

All teachers and assistants in all ministries should attend.

A Thot for Parents

"When our children play they use their own imagination; it is not an imitation of what they have seen on cable TV. They are not singing the songs, doing the little dance moves, asking us what certain words mean; they're not practicing the attitudes they see; they are respectful to their father; we're not pestered to buy certain toys or food. Our children's likes and dislikes are determined by the likes and dislikes of the family and not what's been dictated by the TV. We read many chapters of the Bible daily, play with the children, and have all kinds of 'projects' going. We use a projector and a laptop to play movies which we may watch on a Friday night. We are also careful as to the message the movie portrays and the music.

Teacher Tips

People learn through gateways of learning - The five senses are the gateways to learning:

Hearing
Seeing
Touching
Tasting
Smelling

People remember **10%** of what they hear, **50%** of what they see and hear, and **90%** of what they do.

Gentlemen

by Dr. George Alquist, Jr

A gentleman never swaggers along the street, shouting and laughing with his companions.

Expectorating demonstratively - that is, spitting, is unacceptable public behavior.
