**Only 8%**

In 3500 years of recorded history, there have been only 286 years of peace. This is about 8% of the time. The other 92% of the time, men were killing each other.

James 4:1 tells us that war comes from the heart. People are selfish and proud and refuse to love one another. Only when Christ controls the heart can there be peace.

“Even so come, Lord Jesus!”

General Omar Bradley said, “We have grasped the mystery of the atom and rejected the Sermon on the Mount. The world has achieved brilliance without wisdom, power without conscience. Ours is a world of nuclear giants and ethical infants. We know more about war than we know about peace, more about killing than we know about living.”

Some books might conform you, some books will inform you, but only the Bible can transform you
